**STUDY GUIDE**

**Directions:** Answer the following short answer questions as specifically as possible. The answers do not need to be written in complete sentences, but please write neatly.

1. What is the difference between Soft (4B) and Hard (HB) charcoal pencils?

\_\_\_\_\_

2. How do we use toned paper to create a drawing using white and black charcoal pencils? (What is the value of the paper generally? What values do you use the white pencils for? What values do you use the black pencils for?)

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

3. What is the difference between finishing a realistic drawing with contour vs. outline? \_\_\_\_\_

\_\_\_\_\_

4. What types of marks did you use to create textures on your dinosaur drawings and why?

\_\_\_\_\_  
\_\_\_\_\_

5. What is a triptych? \_\_\_\_\_

\_\_\_\_\_

6. What is scale? What is proportion? \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

7. What is the most important thing to remember when using black and white charcoal pencil on toned paper and WHY? \_\_\_\_\_

\_\_\_\_\_

8. What does it mean to create a full value range in your drawings? \_\_\_\_\_

---

---

---

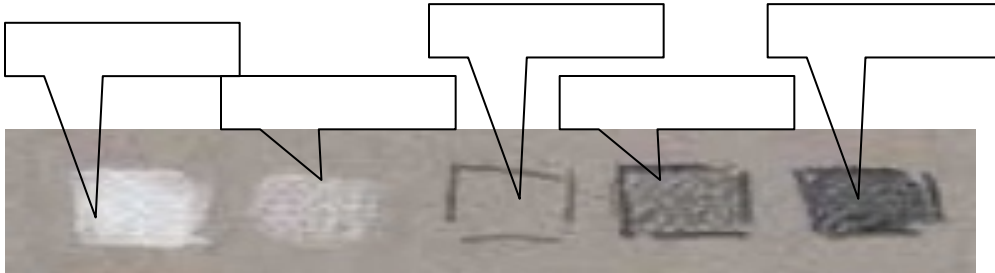

9. What is planar analysis? \_\_\_\_\_

---

---

**Directions:** Label the values that each square represents, and which square is the tone of the paper in the word boxes below.

**Directions:**

1. Draw the image shown here using the steps we learned in class.
2. Make the drawing the same size (scale and proportions) as the reference using your measuring strategies.
3. Leave all of your preliminary drawing techniques and measurements visible, including planar analysis. Do not erase them completely, although you may lighten them slightly.
4. Create the values and textures shown in the reference using lines only.
5. Add as much detail as possible, finishing edges with contour line.

Grading Rubric Standard	Teacher Score
Drawing Steps: 2 pts	
Mark Making: 2 pts	
Value: 3 pts	
Scale/ Proportion: 3 pts	
TOTAL: 15 pts
